

Arjuna NEET 2027

Zoology

Animal Kingdom

DPP: 1

Samapti Sinha Ma'am

Q1 Which of the following characteristics does no species of animals possess during some phase of its life cycle?

- (A) Mobility (B) Autotrophy
(C) Responsiveness (D) Metabolism

Q2 When cells performing the same function are arranged into tissues, it is called

- (A) Tissue level of organisation
(B) Organ level of organisation
(C) Radial symmetry
(D) Asymmetry

Q3 Match the following column I & II and mark the correct option as given below

Column I	Column II
A. Asymmetrical	I. Annelids
B. Radial Symmetry	II. Coelenterates
C. Bilateral	III. Sponge
	IV. Arthropoda
	V. Ctenophores
	VI. Platyhelminthes

- (A) A-I, B-III, II, C-IV, V, VI
(B) A-III, B-VI, II, C-I, IV, V
(C) A-III, B-II, V, C-I, IV, VI
(D) A-III, B-IV, V, II, C-I, VI

Q4

An undifferentiated layer,..... is present in between the ectoderm and the endoderm

- (A) Mesoglea
(B) Mesoderm
(C) Gastroderm
(D) Both (A) and (B)

Q5 Triploblastic animals contain:

- (A) ectoderm. (B) mesoderm.
(C) endoderm. (D) all of these

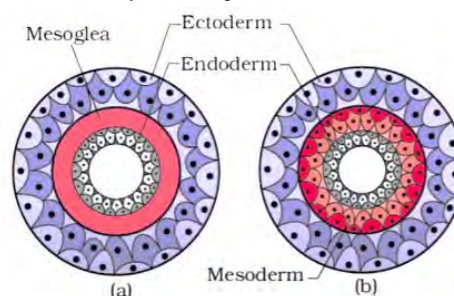

Q6 Cellular level of organisation is found in

- (A) Porifera
(B) Coelenterata
(C) Ctenophora
(D) None of the above

Q7 _____ have cellular level of organisation

- (A) Coelenterate (B) Cnidaria
(C) Arthropoda (D) Porifera

Q8 The animal possessing the following type of germ layers (a and b) are called..... and..... respectively

- (A) Diploblastic, Triploblastic
(B) Triploblastic, Diploblastic
(C) Diploblastic, Diploblastic
(D) Triploblastic, Triploblastic

- Q9** Triploblastic are terms that describe
- (A) The number of invaginations during embryonic development
 - (B) The number of heads during embryonic development
 - (C) The number of germinal layers during embryonic development
 - (D) The number of cell types during development

- Q10** Which of the following statement can be related to mesoglea and mesoderm?
- (A) Mesoglea is a undifferentiated layer present between the ectoderm and endoderm
 - (B) Mesoderm is absent in diploblastic animal
 - (C) Mesoderm is found between the ectoderm and the endoderm.
 - (D) All of the above

Answer Key

Q1 (B)

Q2 (A)

Q3 (C)

Q4 (A)

Q5 (D)

Q6 (A)

Q7 (D)

Q8 (A)

Q9 (C)

Q10 (D)
